

Do you want a large power plant on Texada Island?

- Supertankers in the Strait of Georgia, docking in our backyard?
- LNG imported from countries around the world?
- Up to 1200 megawatts of power produced by a natural gas plant?
- Jobs and positive economic spin-offs from mega project?

Economic Development? Environmental Disaster?
Needed? Not Needed? You Decide.

Rafe Mair

Will moderate a community discussion you don't want to miss!

Monday, October 1st, Town Centre Hotel, Powell River

7:00 to 9:00 PM-Shuttle will meet Texada Ferry

RAFE MAIR is BC's best known political commentator and broadcaster.
